# We are proud of our **company**

**A** Southern Landscape Group, we have an exceptional company culture with extremely talented professionals who have a passion for our work and our clients! **Our company is national award-winning and has been the leader in exquisite landscape and hardscape creations for over 20 years!**

## National Award-Winning

For several years now, we have won multiple gold and silver national awards for our projects from the National Association of Landscape Professionals (NALP).

## Locally Recognized

We have been voted the Best of Lynchburg in numerous media polls and recently won the Community Impact Award for our educational initiatives with local public schools.

## State-of-the-Art Equipment

When the team can work more efficiently, both the client and the company wins. We focus on providing the safest and most up-to-date equipment available to remain ahead of the curve in our industry.

## Safety Prioritized

We are a part of a nationally certified Safe Company Program and have received recognition for our policies, procedures and safety record. You're in good hands with us!

## Team Investment

Training and development is part of our culture. We believe in not only investing to build better teams, but also offer personal coaching, education and training on a personal level.

## Fun Company Culture

We work hard, but we also play hard. We offer several paid company events throughout the year as well as team outings and events held outside of work hours. We believe these are important for team relationship building.

We create the highest quality landscapes that will **enrich our client's lives, enhance the value of their property, and build relationships that will last for years to come.**

**PASSION  
QUALITY  
TEAMWORK  
PROFESSIONALISM**

“Our company’s culture is unique. Everyone is like **family** and we all help each other. The **expectation is high**, but it is also **a place I love to be** and there’s nothing like seeing the finished product and the **client’s satisfaction**. I also love that the leaders have **invested** in me and have had a huge part in my **growth**. I especially **love the paid time off**, technology, and new equipment. ”

Will (age 19)

Landscape Maintenance Team Leader
